# Shrub Screen Example

Place trash cans  
Behind full grown  
Shrubbery.

The following list of plants represent acceptable Hedge Material species to satisfy Section 6.06.03.D, of the Hillsborough County Land Development Code. Consideration was given to drought tolerance, native habitat, salt tolerance, growth rate, mature size, foliar density, and sunlight requirements.

**Common Names (Botanical Name) Characteristics**

Walter viburnum (*Viburnum obovatum*) DT, N, F  
 Coffeeberry (*Rhamnus californi*) DT  
 Coontie (*Zamia pumila*) DT, N  
 Dwarf yaupon holly (*Ilex vomitoria "Nana"*) DT, N  
 Fakahatchee grass (*Tripsacum dactyloides*) DT, N  
 Florida anise (*Illicium floridanum*) DT, N  
 Gallberry (*Ilex glabra*) N  
 Indian hawthorn (*Raphiolepis indica*) DT, F

Marsh grass (*Spartina bakeri*) DT, N, F  
 Muhly grass (*Muhlenbergia capillaries*) DT, N, F  
 Pittosporum (*Pittosporum tobira*) DT, F  
 Rain-of-gold (*Galphimia glauca*) DT, F  
 Red fountain grass (*Pennisetum sp.*) DT  
 Sandankwa viburnum (*Viburnum suspensum*) DT, N  
 Saw palmetto (*Serenoa repens*) DT, N  
 Sea oats (*Uniola paniculada*) DT, N

Silverleaf (*Leucophyllum dactyloides*) DT, N  
 Silverthorn (*Elaeagnus pungens*) DT, F  
 Simpson's stopper (*Myrcianthes fragrans*) DT, N, F  
 Sweetshrub (*Calycanthus floridus*) DT, F  
 Texas sage (*Leucophyllum frutescens*) DT, F

**Characteristics:**  
**DT - Drought tolerant N - Native F - Flowering**
